CC2066 DPF Adapter Kit

The **Clutch Caddy DPF Adapter** (Part number CC2066) is used to safely lift, hold and position DPF units of all shapes and sizes.

This adapter is number 16 in the lineup of Clutch Caddy adapters, making the Caddy one of the most versatile and cost-effective safety tools in the shop.

The CC2066 DPF Adapter Kit includes . . .

2" Load Hugger safety strap holds the load securely

Heavy gauge steel tray supports DPF

Matched set of ballistic nylon bags filled with polyethylene beads

The Clutch Caddy and its' adapters make jobs safer — and more cost effective.

MADE IN THE U.S.A.
